Who am I?

Here is an activity to be done during the **week 4** of the 2022 *TOUGO Challenge*, which theme is **Mealtime funtime**. It consists in guessing what fruit or vegetable they represent by asking questions that can only be answered by yes or no.

Age group:

Multiage.

Required material:

- Who am I? cards (see next pages).
- Sheets of paper and scissors so that students can create their own cards.
- Tape.

Skills

Aspect of the overall skills developed by the student:

- ☒ Affective
- ☐ Cognitive
- ☐ Moral
- ☐ Psychomotor
- ☐ Social

Educative intent:

At the end of this activity, students will have developed cooperation.

Professional expertise put forward by this activity:

- Create activities designed for affective development

Who am I?

Approach

1. Get ready

Have at least one card per pair of students. You can use the cards provided on the following pages.

You can also have students create more cards by drawing a fruit or vegetable on pieces of paper. Students who can write can also write the name of the chosen fruit or vegetable.

2. Have fun!

- Tape a card representing a fruit or vegetable on each student's forehead. The student must not have seen the card he is wearing on his forehead.
- In turn, students can ask questions that can only be answered by yes or no to try to discover the fruit or vegetable they "are".
- When a player asks a question and the answer is yes, then he can follow up with another question. If the answer is no, then he must give up his turn.

- If you have several cards in reserve, the player who found his fruit or vegetable can stick a new card on his forehead.

3. Tell us about your experience!

Don't forget to take a picture of the activity and send it to info@gardescolaire.org if you want us to share on our social media.
