

Mystery Raw Vegetables Recipe

Here is an activity to be done during **Week 2** of the 2022 *TOUGO Challenge*, whose theme is **Gourmet explorers**. Have fun discovering mysterious vegetables with students, while varying the colors. It will be succulent accompanied by an ultrasimple dip.

Expertise

Pedagogical skills for the student:

- Develop knowledge
- Develop healthy lifestyle habits

Professional expertise put forward by this activity:

- Planning and organizing activities
- Planning activities related to meals

Educational Intentions (Suggestions):

At the end of the activity, students will have developed his knowledge and healthy habits

Age Group:

Multiage

Required Materials:

- Knives and cutting boards
- Plates for vegetables
- Bowls for the dip
- Aprons (optional)
- Colorful vegetables (choose from known and less known ones)
- For the dip:
 - Mayonnaise (beware of allergies) and nature yogurt in equal shares (depending on the number of students)
 - Ketchup (for a pink sauce) or curry and honey (for an Indian sauce)

Mystery Raw Vegetables Recipe

Instructions

1. Wash your hands

Washing your hands is always the first step when cooking!

2. Prepare the mystery raw vegetables

Wash the vegetables well. Prepare them on a cutting board. Make small bites to make it easy to eat and vary colors.

For example :

- Red: strips of red peppers, cherry tomatoes, radish
- Yellow / orange: carrot sticks, yellow beans
- Green: broccoli, snow peas, zucchini sticks
- Blue / purple: red cabbage (most of the time purple), purple pepper strips
- White / gray: bouquets of cauliflower, whole mushrooms, endive leaves, fennel sticks

3. Make the dip

Mix equal parts of mayonnaise and plain yogurt. Add ketchup, to get a pink sauce, or curry and honey, to make an Indian sauce.

4. Tell us about your experience!

Don't forget to take a picture of the activity and send it to info@gardescolaire.org if you want us to share on our social media.
